Pink Ribbon Programs

Through the **Pink Ribbon Survivor Circle** program, breast cancer survivors provide one-on-one support to newly diagnosed women.

The **ProScan Pink Ribbon Centers** offer women's imaging.

Mammogram Match provides free mammograms and other breast health services to eligible patients.

Cruisin' for a Cure transports patients to appointments at the ProScan Pink Ribbon Centers.

The **Pink Ribbon Bag** is a complimentary gift bag sent to newly diagnosed patients to provide comfort and hope.

The **Pink Ribbon Empowerment Program (PREP)** educates the community on the importance of breast health.

The **Pink Ribbon Luncheon** is one of the largest afternoon fundraisers in Greater Cincinnati and supports the Pink Ribbon Programs. For more information or to purchase tickets, visit www.pinkribbonluncheon.org.

Sue

"After a biopsy and multiple scans, I was told I had an aggressive late stage cancer. The odds were against me.

It was then I decided to put on my boxing gloves and fight to survive, and so can you!"

Surviving Breast Cancer since February 2010
Diagnosis: Stage III; Triple Negative Breast Cancer

Jane

"Learning that you have breast cancer and going through the process of tests, surgery, and treatment is a roller coaster of

emotions. If it wasn't for my faith, family, and friends, the journey would be much more difficult. Being a breast cancer survivor gives me a much greater appreciation for the things that matter in life."

Surviving Breast Cancer Since December 2010
Diagnosis: Stage I; ER+, HER 2 Negative,
Invasive Ductal Carcinoma

Patty

"I am a woman of faith and found that my church community was a great comfort. I am involved in several

small group bible studies, volunteer at the local high school, love to cook and read mystery novels."

Surviving Breast Cancer since December 2012
Diagnosis: Stage I, DCIS, Hormone positive
Ductal Carcinoma

Sue

"Everyone's cancer journey is their own, no two are the same. It's not one that we wanted to be on, but here we are. My

coping strategy has been to stay positive and hopeful, laugh often and sweat often, but not the small stuff!"

Surviving Breast Cancer since May 2011
Diagnosis: Stage III; ER+, PR+, HER2 Negative
Invasive Ductal Carcinoma

Joanie

"When I was diagnosed less than six months after moving to England, I was in shock; however, because of that

experience, I learned that I was much stronger than I thought. Also, some very new friends became lifelong friends. I also stopped procrastinating about trying new things and postponing trips because you don't know what the future holds. I learned to go for it!"

Surviving Breast Cancer since January 2011
Diagnosis: Stage II, HER+
